

## English Program

Thursday, June 1st 2023

> AUDITORIUM RICHELIEU - NIVEAU 1

08:00 – 08:30 : OPENING SESSION

Catherine Bergeret-Galley, Michel Rouif

8h30 – 10h30 : Session Face 1 : Cervical Facial Lift nowadays : Plicatures and/or SMAS flaps, extensive, deep facelifts

Chairs : Gilbert Vitale, Vladimir Mitz, Daniel Labbé

- 8h30 - Patrick Baraf - My concept in facelift compared to traditional approach
- 8h40 - Jose Carlos Daher - High SMAS, SMAS plicature, SMASectomy, which indication ?
- 8h50 - Farid Hakme - Up to date in facelift
- 9h00 - Alexandre Marchac - How to evolve from high SMAS to deep plane facelift ?
- 9h10 - Barbara Machado - High SMAS and deep plane
- 9h20 - Jean-Paul Méningaud - Deep plane facelift : advantages and inconveniences
- 9h30 - James Grotting - Can plication produce equivalent results to the "deep plane" in facelifting ? **Video**
- 9h40 - Philippe Bellity - New approach in facelift to improve nasolabial folds and jawline. French lift
- 9h50 - Marcelo Araujo - Free face lifting technique - a new approach
- 10h00 - Marcelo Daher - The Eutrophic Rhytidoplasty
  
- Questions to speakers and end of session : 10h30

10h30 : Break

Thursday, June 1st 2023

---

## **RICHELIEU**

11h00 : [Session Face 2 : Extensive face and neck lift vs minimal invasive](#)

[Chairs](#) : **Thierry Van Hemelryk, Oscar Ramirez, Ana Zulmira Badin**

- **11h00 - Daniel Labbé** - Face and neck lift conservative approach
- **11h10 - Timothy Marten** - Lamellar, Extended, High SMAS facelift
- **11h20 - Darryl Hodgkinson** - Total neck rejuvenation, harnessing the platysma - **Video**
- **11h30 - Gerald O'Daniel** - Management of platysma bands with complete platysma myotomy and deep cervical fasciotomy - **Video**
- **11h40 - Claude Lelouarn** - Personal approach for neck redraping
- **11h50 - Andre Auersvald** - Extensive neck lift **Video**
- **12h00 - Alexandre Marchac** - Combining deep plane with fat grafting, temporal lift, blepharoplasty and lip lift
- **12h10 - Mario Pelle Ceravolo** - Lateral approach in neck lift : when and how - **Video**
- **12h20 - Vladimir Mitz** - Microlift with minimal skin cleavage
- **12h30 - Raphaël Messas** - Is there still place for facelift under local anesthesia, Deep Plane minilift
  
- **Questions to speakers and end of session : 13h00**

13h00 : [Lunch](#)

**13h30 à 14h00 : [BTL \(industrial symposium\)](#)**

**[“HIFEM +, pour entretenir ou compléter l’acte chirurgical”](#)**

Speaker : **Dr Jaafar Meziane**

14h00 : [Session Face 3 : Lifting frontal, Midface, Forehead lift, combined procedures for rejuvenation](#)

[Chairs](#) : **Michel Rouif, Bernard Cornette de Saint Cyr, Timothy Marten**

- **14h00 - Bertha Torres** - How to start with Auerswald surgical net in facial surgery
- **14h10 - Luiz Auersvald** - Anatomical deep plane face and neck lift - **Video**
- **14h20 - Oscar Ramirez** - Rejuvenation of the facial expression, the ultimate paradigm shift.
- **14h30 - Oscar Ramirez** - Mandibular Matrix Implant System : The High Definition Approach to Rejuvenation and Beautification of Lower Face and Neck
- **14h40 - Ana Zulmira Badin** - Endoscopic midface lift
- **14h50 - Patrick Bui** - Temporofrontal volumetry to rejuvenate and refeminize the face
- **15h00 - Gerald Franchi** - Surgical rejuvenation and embellishment of the upper face
- **15h10 - Claude Lelouarn** - Concentric malar lift
- **15h20 - Gerald Franchi** - Tips and tricks for the Deep plane facelift
- **15h30 - Fabienne Morel** - Management of earlobe and tragus in facelifts

- [Questions to speakers and end of session : 16h00](#)

Thursday, June 1st 2023

---

## **RICHELIEU**

16h00 : Break

16h30 : Session Face 4 : Eyelid surgery and different treatments for facial rejuvenation

Chairs : **Thierry Van Hemelryk, Berangère Chignon-Sicard, Charles Volpei**

- **16h30 - Laurence Benouaiche** - Harmonica, New filler from Allergan for facial rejuvenation (**Sponsored session**)
  - **16h40 - Dirk Richter** - Difficult eyelids
  - **16h50 - Giovanni Botti** - Fox eyes, periorbital rejuvenation, canthopexy, canthoplasty - **Video**
  - **17h00 - Javier Beut** - Canthopexy versus canthoplasty, when and which
  - **17h10 - Arturo Ramirez** - Upper eyelid surgical maneuvers
  - **17h20 - Luis Mastronardi** - Palpebral ptosis, an overlooked diagnosis in blepharoplasty
  - **17h30 - Sergio Korzin** - Noninvasive alternatives for facial aesthetics
  - **17h40 - Timothy Marten** - Peri-orbital Fat Grafting : A New Paradigm for Rejuvenation of the Eyelids
  - **17h50 - Joachim Von Finckenstein** - Direct incisions in the face : simple, safe and predictable
  - **18h00 - Béatrice Lafarge-Claoué** - Scarless facelift with J plasma
- 
- [Questions to speakers and end of session : 18h30](#)

☐ **18h30 - 19h30 : Assemblée Générale de la SOFCEP**

☐ **20h00 : Cocktail Faculty in the “Mairie de Versailles”**

Thursday, June 1st 2023

---

**LULLI**

**8h30 : IMCAS session and regulation of the plastic surgery profession, professional communication, role of the SNCPRE in France**

**Chair : Sébastien Garson**

**10h30 : Break**

**11h00 : Genital session**

**Chairs : Florence Lejeune, Adriana Guzman, Katarina Andjelkov**

- **11h00 - Alain Danino** - Penoplasty, anatomical considerations for elongation and augmentation - **Video**
- **11h10 - Richard Diacakis** - Fillers for penoplasty, what is important and Prevention of complications
- **11h20 - Sylvie Abraham** - Treatment of vaginism by botox
- **11h30 - Jean-Baptiste Andreoletti** - Anatomy of inner labia and clitoris and labiaplasty techniques
- **11h40 - Alvaro Daher** - Star nymphoplasty
- **11h50 - Adriana Guzman** - Regenerative medicine for vulvo-vaginal atrophy
- **12h00 - Sophie Menkes** - Nanofat and PRP for genital enhancement
- **12h10 - Lina Triana** - Providing the best treatment for our patients in female intimate surgery - **Video**
  
- **Questions to speakers and end of session : 13h00**

**13h00 : Lunch**

**13h30 – 14h00 : Matex Lab / Neauvia (industrial symposium)**

**“L’innovation des injectables Neauvia réticulés au PEG et leur utilisation dans le cadre des protocoles combinés avec nos dispositifs médicaux (Smart Combination Therapy)”**

**Speaker : Dr Sophie Menkes**

**14h00 : Brazilian session Body reshaping in partnership with SBCP**

**Chairs : Volney Pitombo, Eric Plot, Marcelo Daher**

- **14h00 - Diego Vasconelos** - Importance of training in lipodefinition
- **14h10 - Osvaldo Saldanha Filho** - Vibrating liposuction
- **14h20 - Luis Contin** - US in male lipodefinition
- **14h30 - Osvaldo Saldanha Filho** - Lipoabdominoplasty with anatomical definition, concepts and technique
- **14h40 - Ricardo Ventura** - Female lipodefinition - philosophical-scientific concepts and technique
- **14h50 - Ricardo Ventura** - Male lipodefinition - philosophical-scientific concepts and technique
- **15h00 - Luiz Haroldo Pereira** - Classification and treatment of complications in liposuction

- **15h10 : Fausto Bermeo** - The natural evolution : from classic to High definition Lipoaspiration

Thursday, June 1st 2023

---

**LULLI**

- [Questions to speakers and end of session : 15h30](#)

**15h30 – 16h00 : IBSA (industrial symposium)**

« Profhilo® Body et radiofréquence : la combinaison gagnante pour la qualité de la peau »

Speaker : **Dr Guillaume Lasserre ; Cécile Benhida; Myriam Tajaoui**

**16h00 : Break**

**16h30 : [South and central America session](#)**

**[Chairs](#) : Nahas Fabio, Eric Plot, Fontbona Monserrat, Uebel Carlos**

- **16h30 - Arnaldo Miro** - Lipoabdominoplasty with the previous flap resection
- **16h40 - Carlos Uebel** - Limits in between miniabdomen and classic abdominoplasty
- **16h50 - Daniel Costanzo** - Abdominoplasty without drainage
- **17h00 - Daniel Costanzo** - The importance of the submammary fold in secondary mastoplasties
- **17h10 - Fabio Nahas** - The science behind abdominoplasty, what I have changed
- **17h20 - Fabio Nahas** - Avoiding and preventing seromas
- **17h30 - Montserrat Fontbona** - My tips to prevent complications in postbariatric circumferential abdominoplasty
- **17h40 - Carlos Roxo** - Systematization in post bariatric surgery, making it simple, safe and reproducible
- **17h50 - Carlos Roxo** - Mammoplasty and mastopexy in post bariatric patients
- [Questions to speakers and end of session : 18h30](#)

Friday, June 2nd 2023

---

**RICHELIEU**

**8h30 : Breast 1 : implants, French restrictions in comparison with the international situation**

**Chairs : Armand Azencot, Emmanuel Delay, Alexandre Piassi Passos**

- **8h30 - Charles Volpei** - Different prostheses. Legislation in France. How to deal with breast implant after prohibition of textures and polyurethane in France (April 2019)
- **8h40 - Moustapha Hamdi** - Implants in polyurethane and indications
- **8h50 - Armand Azencot** - Breast implants exchange
- **9h00 - Nicolas Gounot** - How to deal with breast implant explantation
- **9h10 - Jennifer Walden** - How to deal with exchange and explantation
- **9h20 - Emmanuel Delay** - Management of seromas
- **9h30 - Bérengère Chignon-Sicard** - Biofilm and prosthesis
- **9h40 - Jean-Luc Jauffret** - ASIA syndrome
- **9h45 - Sébastien Garson** - Squamous Cell Carcinoma global data report
- **9h50 - Alexandre Piassi Passos** - BIA-ALCL in South America
- **10h00 - Romain Bosc** - Updates on BIA-ALCL in France and Belgium
  
- **Questions to speakers and end of session : 10h30**

**10h30 : Break**

**11h00 : Breast 2 : Treatment of breast ptosis or aging breast**

**Chairs : Armand Azencot, Nicolas Gounot, Constantin Stan**

- **11h00 - Marwan and Nicolas Abboud** - Composite breast remodeling after implant removal by tissue recruitment and loops fixation with power-assisted liposuction and lipofilling (PALLL)
- **11h10 - Stéphane de Mortillet** - Mastopexies with breast implants
- **11h20 - Constantin Stan** - Mastopexies, breast implants and radiofrequency
- **11h30 - Michael Atlan** - Contribution of the new Plasma-RF energies in breast lifts : Mastopexy without scars
- **11h40 - Claudio Bernardi** - Upper pole projection in mastopexy : a real challenge
- **11h50 - Alexandre Capon** - From the research laboratory to the operating room: UrgoTouch a happy coincidence (**Sponsored session**)
- **12h00 - Mario Pelle Ceravolo** - How to achieve excellent results in periareolar mastopexy with implants **Video**
- **12h10 - Weiguo Hu** - U plasty to treat insufficiency of breast segment II in mastopexies
- **12h20 - Yves Surlemont** - Breast lipofilling and contribution to mastopexy
- **12h30 - Laurent Lantieri** - Decellularized tissue in breast reconstruction the pathway to a non silicone breast
- **12h40 - Alfredo Donabella** - Mammoplasty - personal technique
  
- **Questions to speakers and end of session : 13h00**

**13h00 : Lunch**

Friday, June 2nd 2023

---

**RICHELIEU**

**13h30 - 14h00 : BD (industrial symposium)**

Speaker : **Dr Bruce Van Natta**

**14h00 : Body 1 : High definition liposuction, body reshaping and other techniques for skin retraction**

**Chairs : Aurelie Fabie-Boulard, Gustavo Abrile, Fausto Bermeo**

- **14h00 - Luiz Toledo** - History of liposuction-from classic to modern techniques
- **14h10 - Aurelie Fabie-Boulard** - Optimize your liposuction : anatomic artistic scientific & holistic approach
- **14h20 - Mario Mendanha** – Muscle dynamics in HD liposuction
- **14h30 - Gustavo Abrile** - Liposuction with radiofrequencies
- **14h40 - Vincent Hunsinger** - Skin retraction with plasma Renuvion technology (**Sponsored session**)
- **14h50 - Jonathan Fernandez** - The artistic concept of lipostructure
- **15h00 - Nathaniel Stroumza** - Radiofrequency : a tool that has become essential for modern liposuction
- **15h10 - Alexis Delobaux** - High definition liposculpture in male. How do I do it ?
- **15h20 - Cemal Senyuva** - Introduction and combined surgical procedures with ultrasounds liposuction
- **15h30 - Barbara Hersant** - Liposuction for legs lipoedema
  
- **Questions to speakers and end of session : 16h00**

**16h00 : Break**

**16h30 : Body 2 : Post-bariatric surgery and extreme body reshaping**

**Chairs : Catherine BERGERET-GALLEY, Jean-Christophe ROSE, Fabian CORTINAS**

- **16h30 - Jean-François Pascal** - Upper body lifts
- **16h40 - Jean-François Pascal** - Extreme lower bodylifts and the rules for successful thigh lift
- **16h50 - Fabian Cortinas** - Refinements in abdominoplasty while preventing complications
- **17h00 - Fabio Nahas** - Abdominoplasty and prevention of thromboembolism
- **17h10 - Gustavo Abrile** - Brachial-thoracic mastoplasty in post bariatric patient
- **17h20 - Andre Maranhao** - Male chest deformity after massive weight loss
- **17h30 - Anne-Sophie Reguesse** - My experience in bodylifts
- **17h40 - Raphael Sinna** - Vertical is the new horizontal, my experience in massive weight loss patients
  
- **Questions to speakers and end of session : 18h00**

Friday, June 2nd 2023

---

**LULLI**

**8h30 : Plastic surgeons awards french and international. "Com" contest**

**Chairs : Catherine Bergeret-Galley, Jonathan Fernandez, Gilbert Vitale,**

- **8h30 - Robin Bayoux** - Endoscopic treatment of diastasis recti: learning surgical technique
- **8h40 - Facundo Polo Brallard** - Male transgender thoracoplasty
- **8h50 - Guillermina Montion** - Breast Explantation, how do we solve it
- **9h00 - David Gonnelli** - The latest fat harvesting technical tools for lipomodelling : from science to daily practice
- **9h10 - Nicolas Abboud** - Scarless tricomposite breast reconstruction utilizing an advancement skin flap, loops and lipofilling
- **9h20 - Muhammed Aldihani** - Mastering submental liposuction under local anesthesia
- **9h30 - Rodolphe Chartier** - Radiofrequency, what are we talking about
- **9h40 - Alexandra Tudosa** - Treatment of skin imperfections with a hybrid laser
  
- **Questions to speakers and end of session: 10h00**

**10H00 : Remise de prix "awards french and international. "Com" contest"**

**10h15 à 10h30 : Remise du prix aux partenaires industriels**

**Chairs : Catherine Bergeret-Galley, Jean-Luc Jauffret, Michel Rouif**

**10h30 : Break**

**11h00 : Session : fillers and Botulinum toxin**

**Chairs : Sebastien Garson, Frédéric Duroure, Jean-Luc Jauffret**

- **11h00 - Charles Volpei** - Botulinum toxin easy?
- **11h10 - Lakhdar Belhaouari** - Allergan, botulinum toxin for upper face rejuvenation (**Sponsored session**)
- **11h20 - Eric Plot** - Treatment by Botulinum Toxin of bunny lines and gummy smile
- **11h30 - Herve Raspaldo** - Jawline contouring with botulinum toxin and fillers
- **11h40 - Ali Mojallal** - Stylage XXL volumising characteristics – Vivacy (**Sponsored session**)
- **11h50 - Adel Louafi** - How to deal with fillers complications, body and face, prevention and treatment
- **12h00 - Ludovic Lievain** - Acide polylactique properties for dermis redensification
- **12h10 - Dai Duroure-Jia** - Combining treatments to prevent facial aging
  
- **12h20 - Questions to speakers and end of session : 13h00**

Friday, June 2nd 2023

---

**LULLI**

13h00 : Lunch

13h30 – 14h00 : Teoxane (Teosyal) Redensity II (industrial symposium)

“Traiter le cerne creux selon l’approche ATP”

Speaker : **Dr Bruce Van Natta**

14h00 : Suspension threads

Chairs : **Nicolas Georgieu, Bernard Mole**

- **14h00 - Bernard Mole** - How to start with threads, Types of threads, indications, limitations
- **14h10 - Nicolas Georgieu** - Permanent threads, my experience
- **14h20 - Laurence Benouaiche** - What treatment sequence to rejuvenate and enhance with resorbable thread lifting
- **14h30 - Jean-Jacques Deutsch** - My experience, which thread for which indication in medical office
- **14h40 - Bernard Cornette de Saint Cyr** - Permanent threads, indications, limits and prevention of complications. An alternative to facelift ?
- **14h50 - Marion Delbaere** - Techniques and indications for permanent threads in the neck
- **15h00 - Florent Bonnet** - Combined treatments of facial aging : how to improve results of resorbable tensor threads procedures
- **15h10 - Thierry Besins** - Can the tensor threads replace, avoid or prevent a facelift ?
- **15h20 - Jean Rahme** - Facial re-tensioning with permanent elastic thread
- **15h30 - Henry Delmar** - Threads smart concept
  
- Questions to speakers and end of session : 16h00

16h00 : Break

Friday, June 2nd 2023

---

**LULLI**

**16h30 : Breast reduction and remodeling**

**Chairs : Michel Rouif, Weiguo Hu, Arturo Ramirez**

- **16h30 - Rami Selinger** - Breast reduction. End of the concept of short vertical in mammoplasty
- **16h40 - Jean-Marie Faivre** - Keeping the upper pole fullness in breast reduction.
- **16h50 - Bruce Van Natta** - How to prevent lower pole collapse: GalaFLEX Surgical Matrice – BD (**Sponsored session**)
- **17h00 - Gilbert Zakine** - Treating gigantomasty, how to deal
- **17h10 - Bertrand Lacotte** - How to get a conical shape in breast reduction, the vertical concept
- **17h20 - André Ferrão** - Versatility of Pitanguy's Classic Breast Surgical Technique and Up to Date Applications
- **17h30 - Weiguo Hu and resident**- Long-term results to evaluate breast reduction techniques
- **17h40 - Roger Khouri** - Modeling the breast, evolution of my technique in 30 years
- **17h50 - Juan Seren** - Augmentation mastopexy with polyurethane and mesh "The technology against Ptosis"
- **18h00 - Alexandre Lellouch** - Acellular Nipple Scaffold Development, Characterization, and Preliminary Biocompatibility Assessment in a Swine Model
  
- **Questions to speakers and end of session : 18h30**

□ **19h30 : Congress Dinner : Be on time !**

**Show "Equestre Bartabas" (flat shoes and trainers recommended)**

Saturday, June 3rd 2023

## **RICHELIEU**

**8h30 : Introduction of the day : Gilbert Aiach - Sculpture and rhinoplasty, my philosophy**

**Chairs : Catherine Bergeret-Galley, Sylvie Poignonec, Yves Jallut**

**9h00 : Rhinoplasty 1 : From tradition to modernity, step by step**

**Chairs : Gilbert Aiach, Jean-Brice Duron, Emmanuel Racy**

- **9h00 - Sylvie Poignonec** - Anatomy and biomechanics of preservation rhinoplasty
- **9h10 - Emmanuel Racy** - Different approaches in rhinoplasty and dissections planes
- **9h20 - Richard Abs** - Preserving rhinoplasty and bi-marginal approach
- **9h30 - Yves Jallut** - Photography in rhinoplasty
- **9h40 - Guillaume Drossard** - 3D photography in rhinoplasty
- **9h50 - Christian Marinetti** - Use of measuring devices during rhinoplasty, my experience
- **10h00 - Jacques Saboye** - Profiloplasty and lip adequate enhancement
- **10h10 - Ali Mojallal** - Internal nasal valve dysfunction treated by hyaluronic acid : a prospective quantitative study
  
- **Questions to speakers and end of session : 10h30**

**10h30 : Break**

**11h00 : Rhinoplasty 2 : Preservation versus structural rhinoplasty and particular techniques**

**Chairs : Sylvie Poignonec, Sébastien Haack, Nazim Cerkes**

- **11h00 - Sylvie Poignonec** - How to begin with preservation rhinoplasty, tips and tricks
- **11h10 - Raphael Messas** - How to choose between structure and preservation ?
- **11h20 - Frédéric Lange** - Basic techniques in preservation rhinoplasty
- **11h30 - Sebastian Haack** - Rhinoplasty preservation tips and trips
- **11h40 - Frédéric Duroure** - Indications of nasal tip stabilization techniques on primary rhinoplasty
- **11h50 - Emmanuel Racy** - Functional preservation of breathing in primary rhinoplasty
- **12h00 - Kirill Pshenisnov** - Combined structural and preservation techniques in rhinoplasty
- **12h10 - Yves Jallut** - Dorsal preservation and structural tip, an elegant association
  
- **Questions to speakers and end of session : 12h30**

Saturday, June 3rd 2023

**Salle Montesquieu**

---

12h30 : [Rhinoplasty sculpture workshop](#) : Julio Wilson Fernandes and Gilbert Aiach [The legacy of Art in Plastic Surgery](#)

Saturday, June 3rd 2023

---

## **RICHELIEU**

13h00 : Lunch

14h00 : Rhinoplasty 3 : preservation versus structural

Chairs : Frédéric Duroure, Volney Pitombo, Frédéric Lange

- 14h00 - Nazim Cerkes - Achieving an anatomic nasal dorsum after dorsal reduction
- 14h10 - Nazim Cerkes - Correction of crooked nose
- 14h20 - Guillaume Carles - Diced cartilage + iPRF : an easy way to treat over-reduced noses : camouflage procedures by IPRF and diced cartilage
- 14h30 - Gianluca Campiglio - Diced conchal cartilage wrapped in retroauricular fascia to increase the nasal dorsum
- 14h40 - Guillaume Drossard - Permacol for camouflage in rhinoplasty
- 14h50 - Jean Brice Duron - Management of the nasal bridge and osteosynthesis of clean bones
- 15h00 - Eduardo Lintz - Versatility of structure rhinoplasty
- 15h10 - Sebastien Haack - Extracorporeal septoplasty technical indications
  
- Questions to speakers and end of session : 16h00

16h00 : Break

16h30 : Rhinoplasty 4 : management of deviated noses, difficult noses and secondary rhinoplasties

Chairs : Yves Jallut, Wolfgang Gubisch, Jay Calvert

- 16h30 - Onur Erol - Costal cartilage spring graft for late correction of cleft lip nose deformity : new technique
- 16h40 - Eric Arnaud - The aesthetic nose in craniofacial malformations
- 16h50 - Franck Duteille - Ethnic rhinoplasty, african nose
- 17h00 - George Bitar - Ethnic rhinoplasty
- 17h10 - Volney Pitombo - Hispanic nose, particularities of South American nose treatment
- 17h20 - Wolfgang Gubisch - Secondary rhinoplasty - a never ending challenge
- 17h30 - Jay Calvert - Straightening the crooked nose evaluation and treatment
- 17h40 - Yves Jallut - Deviated nose : structural rhinoplasty and preservation : competition or complementarity deviated nose preservation or structure
- 17h50 - Bertha Torres - Rhinoplasty in patients with previous use of nasal fillers
  
- Questions to speakers and end of session : 18h30

Saturday, June 3rd 2023

---

**LULLI**

**8h30 : Regenerative medicine, fat transfer, stem cells, PRP and new concepts**

**Chairs : Bérengère Chignon-Sicard , Lydia Masako Ferreira, Guy Magalon**

- **8h30 - Flore Delaunay** - Regenerative medicine using different devices
- **8h40 - Ronaldo Righesso** - Current concept about nanofat grafting
- **8h50 - Lydia Masako Ferreira** - New perspectives of fibroblast and vascular stroma cells fraction transplant for facial rejuvenation
- **9h00 - Marco Aurelio Pellon** - Regenerative medicine, new concepts
- **9h10 - Carlos Oaxaca** - How fat grafting saved my patient's face
- **9h20 - Katarina Andjelkov** - Our experience in the most advanced treatments for androgenetic alopecia
- **9h30 - Sophie Menkes** - Milifat, microfat, nanofat emulsification or micronization ? Which product for which indication ?
  
- **Questions to speakers and end of session : 10h30**

**10h30 : Break**

Saturday, June 3rd 2023

---

**LULLI**

11h00 : Women symposium and round table

**Chairs** : Florence Lejeune, Lydia Masako Ferreira, Jennifer Walden, Bertha Torres, Catherine Bergeret-Galley, Aurélie Fabié-Boulard

**Panelists** :

- **Florence Lejeune** : Introduction of the session
- **Jennifer Walden**: Non invasive vaginal rejuvenation
- **Bianca Knoll** : Braking the Narrative
- **Denia Rostane-Denouard** : Appearance and self-esteem, how to regain your confidence?
- **Bénédicte Bouchot-Hermouet** : the menopause 'springboard' or 'slide'?
- **Sophie Menkès** - Intimate sphere : ending taboos
- **Melinda Haws** - Secrets to a great practice partnership

**Discussants** :

- **Ana Zulmira Badin**
- **Barbara Machado**
- **Maria Wiedner**

13h00 : Lunch

Saturday, June 3rd 2023

---

**LULLI**

**14h00 : Session Buttocks 1 : Buttock implants and reshaping**

**Chairs : Eric Plot, Fabian Cortinas, Osvaldo Saldahna**

- **14h00 - Philippe Levan** - Buttock implants : different techniques, tips and tricks to avoid complications
- **14h10 - Richard Abs** - Buttocks implants, my technique
- **14h20 - Raul Gonzales** - Intramuscular implantation, particularity of the technique
- **14h30 - Raphael Sinna** - Do we need to invest in an echograph ?
- **14h40 - François Petit** - Buttock volume augmentation with submuscular gluteal implants
- **14h50 - José Abel de la Pena** - Subfascial implantation for buttocks
- **15h00 - Jean Marie Faivre** - Concentration and lift of the buttocks with Elasticum
  
- **Questions to speakers and end of session : 15h30**

**16h00 : Break**

**16h30 : Session Buttocks 2 : Aesthetic and post-bariatric buttock lift**

**Chairs : Michel Rouif, Carlos Roxo, Arturo Ramirez**

- **16h30 - Catherine Bergeret-Galley** - Legs and buttocks reshaping; combination of liposuction and fat grafting
- **16h40 - Arturo Ramirez** - Update of task force recommendations in buttock augmentation surgery
- **16h50 - Jean-François Pascal** - Tips and tricks for successful buttocks lifting
- **17h00 - Philippe Levan** - Buttocks lift and implants
- **17h10 - Fabian Cortinas** - Minimally invasive buttocks augmentation with hyaluronic acid
- **17h20 - Gustavo Abrile** - Anatomy, Clinical and radiological diagnoses in gluteal reshaping
- **17h30 - Gustavo Abrile** - Circumferential abdominoplasty with gluteal augmentation
- **17h40 - Paolo Vittorini** - Lower bodylift and autologous fat prothesis
- **17h50 - Bouraoui Kotti** - The importance of lymphatic drainage in body liposculpture
  
- **Questions to speakers and end of session : 18h30**

□ **18h30 Congress' closing**
